WORKSHEET N°7: COMPREHENSION AND PRODUCTION

En esta ocasión trabajaremos con comprensión lectora y producción de respuestas breves. Lee el poema a continuación, traduce aquellas palabras que no conozcas para que puedas comprender el tema completamente. Luego responde en inglés las preguntas en forma breve.

The Islands of Flowers

Portuguese folktale

Long ago, a little angel had to leave Heaven because she had broken one of the Paradise rules. Walking through the heavenly gardens for the last time, she said to her favorite flowers: "It breaks my heart to leave you!"

She filled her arms with the lovely blossoms of Paradise. They filled her arms so full that she could not hold them all. Some of them fell on the smiling blue waters of the broad Atlantic. "I'll leave them where they are!" said the angel. There are nine of the flowers of Paradise which the angel dropped. They have always remained in the blue Atlantic where she left them.

Many years later, Portuguese mariners found them and Portugal claimed them as her own. They named them the Azores. To this very day, however, one of the islands is called Flores, which means flowers.
